(find directions at <http://maps.google.com>)

Practitioners, Families, Friends and Children are welcomed with parent or guardian

The Reconnection has arranged a private field trip event at Golden Ridge Animal Farm that is open for everyone to attend.

Golden Ridge Animal Farm has been owned and operated by the Nye family for over 26 years. Their aim is to provide an experience that is both fun and educational for the children and parents. The children never forget the friendly farm animals.

Join Renee Coltson and other experienced practitioners who work with animals for this fun-filled and inspiring event. They will demonstrate for your benefit how to bring into play the interaction of Reconnective Healing frequencies with various animals. You will be able to enjoy first-hand experience in this safe and loving environment with a variety of animals including everything from small mice, rabbits, turkeys, geese, dogs to larger cows, pony, alpaca, deer, donkey, sheep and goats! You will observe different examples of registers, high responders, low responders and everything in between.

Registration just \$39
